RULE	SECTION II - RESERVATIONS AND TICKETS
------	---------------------------------------

C62 +[C]GROUP CONDITIONAL RESERVATIONS FROM THE U.S.A. (Applicable to QF only)

(A) GENERAL

Upon receiving a request from a group organizer, the carrier, at its option, may offer conditional reservations for groups when accompanied by a written statement to that effect.

(B) DEFINITIONS

For the purpose of this rule:

- (1) Applicable Fare: per passenger is the total fare paid or to be paid by each passenger for transportation on all QF flights in the group reservation record.
- (2) Confirmed Seats: are seats which an airline has reserved for a requesting party on a specific flight on a specific date. Confirmation of seats occurs on the date an airline advises a requesting party that the seats are confirmed.
- (3) Group: for purposes of this Agreement is any party of twenty or more QF passengers travelling pursuant to one group reservation record.
- (4) Group Reservation Record: is the computerized record in QANTAM, the QF computerized reservation system, for each group, indicating whether seats on each flight in the itinerary of the group, either on QF or on another airline, are confirmed or unconfirmed/waitlisted. The group reservation record is also referred to as the PNR (Passenger Name Record).
- (5) Travel Agent/Organizer: is any party holding a group reservation record, excluding "track operator" and "tour series wholesaler".
- (6) "Track Operator": is any party which markets air transportation on QF directly to the public when at least ninety percent of its passenger departures on QF over any six month period consist of eight or more group departures.
- (7) "Tour Series Wholesaler": is any party which indirectly markets to the public, through retail travel agents or others, air transportation on QF, when at least ninety percent of its passenger departures on QF over any six month period consist of eight or more group departures.
- (8) Unconfirmed or Waitlisted Seats: are seats which a party has requested an airline to reserve on a specific flight on a specific day but which the airline has not reserved as requested.

(C) RESERVATIONS

The carrier will limit the number of conditional reservations accepted on any flight and such reservations will not necessarily be available on all flights.

(D) DEPOSITS

(1) Mandatory Deposits

- (a) This section governs mandatory deposits applicable to groups of twenty or more passengers. This section does not apply to groups marketed by track operators or tour series wholesalers (except for isolated incidences).
- (b) A travel agent/organizer must make a minimum, mandatory deposit of USD/CAD 50.00 for each individual passenger reservation when all QF flight segments in the group reservation record are confirmed. RULE	SECTION II - RESERVATIONS AND TICKETS AND SURCHARGES
65	<p><u>TICKETS</u> (Continued)</p> <p>(E) <u>COUPON SEQUENCE AND PRODUCTION OF THE TICKET</u></p> <p>(1) Flight coupons must be used in sequence from the place of departure as shown on the passenger coupon. The passenger throughout his journey must retain the passenger coupon and all flight coupons of the ticket not previously surrendered to carrier. He must, when required, produce the ticket and surrender any applicable portion to carrier.</p> <p>(2) (Applicable to SK only) Full and sequential use of flight coupons - the ticket or electronic ticket is not valid if the first coupon has not been used and will not be honored if all the coupons are not used in the sequence provided in the ticket or electronic ticket.</p> <p>(F) <u>ABSENCE, LOSS, OR IRREGULARITIES OF TICKET</u></p> <p>(1) Carrier is not obligated to accept a ticket if any part of it is mutilated or if it has been altered by other than carrier or if it is presented without the passenger coupon and all unused flight coupons.</p> <p>(2) Carrier will refuse carriage to any person not in possession of a valid ticket. In case of loss or nonpresentation of the ticket or the applicable portion thereof, carriage will not be furnished for that part of the trip covered by such ticket or portion thereof until the passenger purchases another ticket at the current applicable fare for the carriage to be performed.</p> <p>(3) Notwithstanding the foregoing, carrier will issue at the passenger's request a new ticket to replace the lost one upon receipt of proof of loss satisfactory to carrier, and if the circumstances of the case in carrier's opinion warrant such action; provided that the passenger agrees, in such form as may be prescribed by carrier, to indemnify carrier for any loss or damage that carrier may sustain by reason thereof.</p> <p>(4) Replacement of lost ticket against indemnity form. The following service charge will be imposed per passenger/document for handling such request for a refund or replacement of a lost SK ticket. For Scandinavia a fee of DKK/NOK/SEK 700 applies to each ticket issued against an indemnity form. For other countries USD 100.00/+(IN)CAD 135.00 or the equivalent amount in the other currency applies to each ticket issued against an indemnity form.</p> <p>(G) <u>NONTRANSFERABILITY</u> A ticket is not transferable, but carrier shall not be liable to the person entitled to be transported or to the person entitled to receive such refund for honoring or refunding such ticket when presented by someone other than the person entitled to be transported thereunder or to a refund in connection therewith. If a ticket is in fact used by any person other than the person to whom it was issued, carrier will not be liable for the destruction, damage, or delay of such unauthorized person's baggage or other personal property or the death or injury of such unauthorized persons arising from or in connection with such unauthorized use.</p>

C75 CURRENCY OF PAYMENT - PART A (Not applicable to AC/SK/X/EI)

Except as otherwise provided below, fares and charges are payable in any currency acceptable to carrier. When payment is made in a currency other than the currency in which the fare is published, such payment will be made at the rate of exchange established for such purpose by carrier, the current statement of which is available for inspection by the passenger at carrier's office where the ticket is purchased. The provisions of this paragraph are subject to applicable exchange laws and government regulations.

(A) Payment of fares for travel originating in the U.S. shall be in U.S. currency.

(B) Payment of fares for travel originating in Canada shall be in Canadian currency.

(C) Payment of fares for travel originating at a point outside the U.S. and destined to a point in the U.S. shall be in the currency of the country of origin, except as provided in (D) below.

(D) Payment of fares for travel originating at a point outside the U.S. or Canada destined to a point in the U.S. or Canada may also be made in the U.S. or Canada in dollars when the fare in the currency of the country of origin is converted to dollars at the local banker's buying rate of exchange.

(E) In case of cancellation or rerouting which results in a partial refund of the original fare, the value of the unused portion of the ticket shall be calculated in the currency of the country of transportation origination. Such amount may be refunded in the currency of the country of transportation origination or may be converted into the currency of the country of refund or reissuance at the local bankers buying rate in effect at the time refund takes place.

NOTE: (Applicable to CP; and applicable to CO only between points in the U.S.A. on the one hand and the United Kingdom on the other hand.) Carrier will pay the refund in the same form (i.e., cash, check, credit card, etc.) that was used in purchasing the original transportation document. Carrier, in making the refund, will observe any refund restriction that may be published in the applicable rules governing the original transportation document. Further, carrier will observe any government or carrier restriction imposed on the conversion and refund of currencies outside the country whose currency was originally collected.

(F) Where an additional collection is to be made as a result of the rerouting, the additional amount may be collected in the currency of the country of transportation originating or may be converted into the currency of the country in which the rerouting takes place at the local bankers buying rate in effect at the time of rerouting. *Such amount shall not be greater than the fare published in the currency of country of transportation origination for the transportation actually used and/or to be used.

(G) "Bankers Buying Rate" means the rate at which, for the purpose of the transfer of funds through banking channels (i.e., other than transactions in bank notes, travellers checks, and similar banking instruments), a bank will purchase a given amount of foreign currency in exchange for one unit (or units) of the national currency of the country in which the exchange transaction takes place.

EXCEPTIONS:

- (1) In the U.S.A., the bankers' buying rate means the rate published each Tuesday in the Mall Street Journal under the heading of "Selling prices for bank transfers in the U.S. for payment abroad." This rate will be applicable from Wednesday of each week up to and including the Tuesday of the following week.
- (2) In the case of Belgium, France, and Italy where two rates (Commercial and Financial) are shown, the Commercial rate shall be used.
- (3) When a national holiday falls on Monday, foreign exchange rates do not appear in the Tuesday edition of the Mall Street Journal. In such exceptional cases the previous week's rates are used through Wednesday instead of Tuesday, and the Wednesday edition of the Mall Street Journal will be used for the period Thursday through Tuesday.
- (4) (a) (Not applicable to CP and SK.) In Canada the Bankers' Buying Rate means the rate published each Saturday in the Toronto Globe & Mail under the heading Foreign Exchange - Mid Market Rate in Canadian Funds. This Rate will be applicable from Monday of the following week up to and including the Sunday following after. When exceptional circumstances prevent the publication of exchange rates in the Saturday edition of the Toronto Globe & Mail the currently applicable exchange rates will remain effective until 2 days after superseding exchange rates are published. Such superseding rates will be effective through the first Sunday following their publication date.
- (b) (Applicable to SK only.) In Canada the Bankers' Buying Rate means the rate published each Friday in the Toronto Globe & Mail under the heading Foreign Exchange - Mid Market Rate in Canadian Funds. This Rate will be applicable from Monday of the following week up to and including the Sunday following after.
