RULE	SECTION IV - BAGGAGE
117	<p>BAGGAGE REGULATIONS (Applicable to SN only except for transportation from/to or via the U.S.A.)</p> <p>(A) CHECKED BAGGAGE</p> <p>(1) Nothing contained in this tariff shall entitle a passenger to have his baggage checked on a journey for which Carrier does not offer facilities for checking of baggage.</p> <p>(2) Carrier shall receive baggage on board any flight upon a baggage check for the flight having been presented for carriage and upon a baggage tag having been affixed thereto. Baggage for which a baggage check has been issued by carrier shall be delivered to the bearer of the baggage check provided however that carrier shall not be liable for any loss, damage or expense arising out of or in connection with its failure to ascertain that the person claiming the baggage is the bearer of the baggage check applicable thereto. If a person claiming the baggage is unable to present the baggage check, carrier shall deliver the baggage if such person establishes that person's right thereto to carrier's satisfaction and carrier may require such person to furnish adequate security to indemnify carrier for any loss, damage or expense which may be incurred by carrier as a result of such delivery.</p> <p>(B) MOVEMENT OF BAGGAGE Checked baggage will be carried in the same aircraft as the passenger unless such carriage is deemed impracticable by Carrier, in which event Carrier will move the baggage on the next preceding or subsequent flight on which space is available.</p> <p>(C) INSPECTION BY CARRIER Carrier has the right, but not the obligation, to verify in the presence of the passenger the contents of his baggage, and in the case of unaccompanied baggage to open and examine such baggage whether or not the passenger is present. The existence or exercise of such right shall not be construed as an agreement, expressed or implied, by Carrier to carry such contents as would otherwise be precluded from carriage.</p> <p>(D) DANGEROUS, DAMAGEABLE OR UNSUITABLE BAGGAGE Passenger must not include in checked baggage items which are likely to endanger the aircraft, persons or property, which are likely to be damaged by air carriage or which are unsuitably packed or which items by their particular nature (Fragile, Perishable, Valuable) the carrier does not agree to carry. If the weight, size or character of the baggage renders it unsuitable for carriage on the aircraft, carrier may, prior to, or at any stage of the journey, refuse to carry the baggage or any portion thereof. The following items will be carrier as baggage only after prior consent of and arrangement with the carrier, with exceptions to the acceptance of certain items clearly indicated:</p> <p>(1) Firearms of any description, except those for sport purposes will not be carried when accompanying the passenger. Firearms for sport purposes will be carried when accompanying the passenger, provided that entry permits are in the possession of the passenger for the country or countries of transit and destination, and provided that such firearms are disassembled or packed in a suitable case designed for the shipping of such items: (Does not include standard carrying case or any container provided by the carrier). <u>EXCEPTION 1:</u> This provision does not apply to officers of the law carrying side arms. <u>EXCEPTION 2:</u> Rifles of Armed Forces Personnel, when retained by the passenger at his seat position, need not be packed in a case.</p> <p>(2) Explosives, munitions, corrosives and articles, which are easily ignited: Includes all items listed in the IATA (International Air Transport Association) Restricted Articles Regulations and the Official Air Transport Restricted Articles Tariff No. 6-D, NTA(A) No. 37, C.A.B. No. 82. <u>EXCEPTION:</u> Ammunition will be carried as checked baggage only and must be securely packed in strong outside containers of wood, metal or fibreboard, plainly marked, AMMUNITION.</p> <p>(3) Live animals, including birds and reptiles, other than "Seeing Eye" dogs.</p> <p>(4) Photo flash bulbs, when appropriately marked and contained in the original package of the Manufacturer.</p> <p>(5) Fragile Items: Carrier does not agree to carry fragile items as checked baggage, or when otherwise placed in the care of the carrier, unless they are appropriately packaged in the original factory-sealed carton, a cardboard mailing tube, or a container or case specifically designed for shipping such items.</p> <p>NOTE: For the purpose of this Rule, classes of fragile items are as follows: (a) Electronic: For example: televisions, radios, CB's, calculators, audio and video equipment, electron microscopes, electrographs and electronic medical equipment that includes transistors, tubes and glass.</p>

Execution of the Limited Release tag also relieves the carrier of liability for spoilage or substantial loss of value or potency which results from carrier's delay in delivery of checked baggage when such spoilage results from the unsuitability of such items as checked baggage and not from the carrier's failure to exercise the ordinary standard of care.

RULE	SECTION IV - BAGGAGE
117	<p><u>BAGGAGE REGULATIONS</u> (Continued)</p> <p>(I) <u>COLLECTION OF EXCESS BAGGAGE CHARGES</u> Excess baggage charges will be payable at the point of origin for the entire journey to final destination, or at the point of origin to the point of stopover, in which event, when carriage is resumed charges will be payable from the point of stopover to the next point of stopover or destination. When on a journey for which a through excess baggage ticket has been issued there is an increase in the amount of excess baggage carried, Carrier will issue a separate excess baggage ticket for such increase and collect charges to destination or a stopover point, as the case may be.</p> <p>(J) <u>EXCESS VALUE CHARGES</u> (1) A passenger may declare a value for baggage in excess of 250 French gold francs (approximately \$20.00) per kilogram in the case of checked baggage and 5000 French gold francs (approximately \$400.00) per passenger in the case of unchecked baggage or other property. When such a declaration is made a charge for excess value will be assessed by each carrier participating in the carriage at the rate of \$0.50 for each \$100.00 or fraction thereof. <u>NOTE:</u> In Canada the French gold franc shall be converted into Canadian Dollars in accordance with the provision of the carriage by Air Act Gold Franc Conversion Regulations SOR/83-79. (2) This rule shall not entitle the passenger to declare such excess value for baggage in connection with carriage over Carrier's route in relation to which the above rule does not permit such declarations, unless the carriage over such route forms a part of through carriage including other routes in relation to which such declarations are permitted. (3) Any higher declared value shall not apply to money, jewelry, silverware, negotiable papers, securities, business documents, samples, paintings, antiques, artifacts, manuscripts, irreplaceable books or publications, or other similar valuables when such valuables are included in baggage checked or otherwise delivered into the care of the carrier.</p> <p>(K) <u>VALUATION LIMIT OF BAGGAGE</u> No baggage of any one passenger, having a declared value in excess of \$2,500.00, will be accepted for carriage by the carrier unless arrangement therefore has been made in advance between the passenger and the carrier(s) concerned.</p> <p>(L) <u>COLLECTION OF EXCESS VALUE</u> Excess value charges will be payable at the point of origin for the entire journey to final destination; provided that, if at a stopover enroute a passenger declares a higher excess value than that originally declared, additional excess value charges for the increased value from such stopover point to final destination will be payable.</p> <p>(M) <u>PAYMENT OF BAGGAGE CHARGES</u> Carrier will not be obligated to carry baggage until the passenger has paid all applicable charges or has complied with credit arrangements established by Carrier.</p> <p>(N) <u>EXCESS BAGGAGE AND VALUE CHARGES ON REROUTINGS OR CANCELLATIONS</u> When a passenger is rerouted or his carriage cancelled, the provisions which govern with respect to the payment of additional fares or the refunding of fares shall likewise govern the payment or the refunding of excess baggage charges and the payment of excess value charges, but no refund of value charges will be made when a portion of the carriage has been completed.</p>

Except as otherwise provided in sub-paragraph (3) hereof, delivery will be made at the destination shown on the baggage check.

- (3) At the request of the bearer of the baggage (claim) tag(s), checked baggage will be delivered at the place of departure or an intermediate stopping place upon the same conditions as provided for in sub-paragraph (1) hereof, unless precluded by government regulations or unless time and circumstances do not permit. In delivering baggage at the place of departure or at an intermediate stopping place, Carrier shall be under no obligation to refund any charge paid.

------	----------------------

118	<p><u>BAGGAGE REGULATIONS</u> (Applicable to AC for transportation from/to the U.S.A.; Applicable to AZ.)</p> <p>(A) <u>CHECKED BAGGAGE</u></p> <p>(1) Nothing contained in this tariff shall entitle a passenger to have his baggage checked on a journey for which Carrier does not offer facilities for checking of baggage.</p> <p>(2) Carrier shall receive baggage on board any flight upon a baggage check for the flight having been presented for carriage and upon a baggage tag having been affixed thereto. Baggage for which a baggage check has been issued by carrier shall be delivered to the bearer of the baggage check provided however that carrier shall not be liable for any loss, damage or expense arising out of or in connection with its failure to ascertain that the person claiming the baggage is the bearer of the baggage check applicable thereto. If a person claiming the baggage is unable to present the baggage check, carrier shall deliver the baggage if such person establishes that person's right thereto to carrier's satisfaction and carrier may require such person to furnish adequate security to indemnify carrier for any loss, damage or expense which may be incurred by carrier as a result of such delivery.</p> <p>(B) <u>MOVEMENT OF BAGGAGE</u> Checked baggage will be carried in the same aircraft as the passenger unless such carriage is deemed impracticable by Carrier, in which event Carrier will move the baggage on the next preceding or subsequent flight on which space is available.</p> <p>(C) <u>INSPECTION BY CARRIER</u> Carrier has the right, but not the obligation, to verify in the presence of the passenger the contents of his baggage, and in the case of unaccompanied baggage to open and examine such baggage whether or not the passenger is present. The existence or exercise of such right shall not be construed as an agreement, expressed or implied, by Carrier to carry such contents as would otherwise be precluded from carriage.</p> <p>(D) <u>DANGEROUS, DAMAGEABLE OR UNSUITABLE BAGGAGE</u> Passenger must not include in checked baggage items which are likely to endanger the aircraft, persons or property, which are likely to be damaged by air carriage or which are unsuitably packed or which items by their particular nature (Fragile, Perishable, Valuable) the carrier does not agree to carry. If the weight, size or character of the baggage renders it unsuitable for carriage on the aircraft, carrier may, prior to, or at any stage of the journey, refuse to carry the baggage or any portion thereof. The following items will be carrier as baggage only after prior consent of and arrangement with the carrier, with exceptions to the acceptance of certain items clearly indicated:</p> <p>(1) <u>Firearms</u> of any description, except those for sport purposes will not be carried when accompanying the passenger. Firearms for sport purposes will be carried when accompanying the passenger, provided that entry permits are in the possession of the passenger for the country or countries of transit and destination, and provided that such firearms are disassembled or packed in a suitable case designed for the shipping of such items: (Does not include standard carrying case or any container provided by the carrier). <u>EXCEPTION 1:</u> This provision does not apply to officers of the law carrying side arms. <u>EXCEPTION 2:</u> Rifles of Armed Forces Personnel, when retained by the passenger at his seat position, need not be packed in a case.</p> <p>(2) <u>Explosives, munitions, corrosives and articles, which are easily ignited:</u> Includes all items listed in the D.O.T. Hazardous Materials Regulations (49 CFR 171-177); the International Civil Aviation Organization Technical Instructions for the Safe Transport of Dangerous Goods by Air and/or the IATA Dangerous Goods Regulations. <u>EXCEPTION:</u> Ammunition will be carried as checked baggage only and must be securely packed in strong outside containers of wood, metal or fibreboard, plainly marked, AMMUNITION.</p> <p>(3) <u>Live animals, including birds and reptiles, other than "Seeing Eye" dogs.</u></p> <p>(4) <u>Photo flash bulbs, when appropriately marked and contained in the original package of the Manufacturer.</u></p> <p>(5) <u>Fragile Items:</u> Carrier does not agree to carry fragile items as checked baggage, or when otherwise placed in the care of the carrier, unless they are appropriately packaged in the original factory-sealed carton, a cardboard mailing tube, or a container or case specifically designed for shipping such items.</p> <p><u>NOTE:</u> For the purpose of this Rule, classes of fragile items are as follows: (a) <u>Electronic:</u> For example: televisions, radios, CB's, calculators, audio and video equipment, electron microscopes, electrographs and electronic medical equipment that includes transistors, tubes and glass.</p>

The following articles will be carried as baggage only with the prior consent of an arrangement with carrier, in accordance with carrier's regulations:</p> <p>(1) Firearms will be accepted only when unloaded and suitably packed and when checked for carriage in the baggage or other compartment of the aircraft not accessible to the passenger. At the time of check-in, firearm(s) will be surrendered and the passenger will be required to make a written or verbal declaration that the firearm(s) as surrendered is safe for transportation. When firearms used for sport purposes are carried on the aircraft, entry permits shall be in the possession of the passenger for the country or countries of transit and destination. <u>EXCEPTION:</u> An authorized person performing a duty on board an aircraft, such as a law enforcement officer or diplomatic courier may be permitted to retain custody of his firearm and ammunition upon duly identifying himself at the time of check-in.</p> <p>(2) Explosives, munitions, corrosives and articles, which are easily ignited: Includes all items listed in the International Air Transport Association Restricted Articles Regulations. Small arms ammunitions shall be accepted only for carriage in the baggage/cargo compartments of the aircraft and must be securely packed in a strong outside container made of wood, metal or fiberboard and only with prior approval of the carrier.</p> <p>(3) Liquids</p> <p>(4) Live Animals, including birds and reptiles, other than pets, -[C]service animals trained to lead the blind and -[C]service animals trained to assist the deaf.</p> <p>(5) <u>Pets Acceptability</u> Pets, including dogs, cats and birds, when properly crated in leak proof containers and accompanied by valid health and rabies vaccination certificates, entry permits and other documents required by countries of entry or transit will be accepted for carriage at the owner's own risk, and subject to requirements of carrier. The acceptance of such articles for carriage in the passenger cabin shall be limited to conform with security regulations and/or interline limitations.

Carrier is not responsible in the event any pet is refused passage into or through any country, state, or territory.
- (c) Carrier will not be responsible in the event any such pet is refused entry into or passage through any country or territory. The owner assumes all risk of injury to or sickness or death of such animal carried under this rule.

- (c) In the case of involuntary rerouting, the passenger shall be entitled to the free baggage allowance applicable for the class of service originally paid for. This provision applies even if the passenger is rerouted from first class service to tourist class or economy class and is entitled to fare refund.

A passenger may declare a value for baggage in excess of 20.00 (Canadian 20.00 or 250 French gold francs) or its equivalent per kilogram in the case of checked baggage and 400.00 (Canadian 400.00 or 5000 French gold francs) or its equivalent per passenger in the case of unchecked baggage or other property.

(ii) (Applicable to PH only.) Unless a higher valuation is declared in advance and an additional charge paid as indicated in paragraph (b) below, any liability of the carrier is limited to USD 20.00 per kilogram or USD 9.07 per pound in the case of checked baggage and USD 750.00 per passenger in the case of unchecked baggage or personal property.

†(N)(iii) (Applicable to SK only) Declared baggage value in excess of USD 20.00 or its equivalent per kilogram in the case of checked baggage, and USD 400.00 or its equivalent per passenger on the case of unchecked baggage or other property, be charged for at not less than USD 0.50 for each USD 100.00 or portion thereof.

(b) When such declaration is made, a charge of such excess value will be assessed by each carrier participating in the carriage at the following rates:

Carrier	Charge	Additional Amount of Liability (USD/CAD)
AZ	0.10 per	100.00 or fraction thereof.
EI, NZ, QF, SK, SN, T2	0.15 per	100.00 or fraction thereof.

NOTE 2: (Applicable to CO, PH, and TM only.) Any higher declared value shall not apply to money, jewelry, silverware, negotiable papers, securities, business documents, samples, paintings, antiques, artifacts, manuscripts, irreplaceable books or publications or other similar valuables when such valuables are included in baggage checked or otherwise delivered into the custody of the carrier.

NOTE 3: (Applicable to AZ only.) Carrier will assess the above charges for baggage value in excess of USD 100.00, CAD 100.00 for their portion of all joint carriage.

(2) (Applicable to FF, NZ, SK, TM and T2 only.) This rule shall not entitle the passenger to declare such excess value for baggage in connection with carriage over carrier's route in relation to which the above rule does not permit such declarations, unless the carriage over such route forms a part of through carriage including other routes in relation to which such declarations are permitted.

NOTE: (Applicable only to transportation exclusively via TM and to interline transportation where TM is the originating carrier.) An excess value charge will be assessed on a piece of checked baggage only when the declared value is an amount greater than that determined under the Note in Rule 55(C)(3). 127

BAGGAGE REGULATIONS (Applicable to CO only)

(A) GENERAL CONDITIONS OF ACCEPTANCE

CO will accept for transportation as baggage, such personal property as is necessary or appropriate for the wear, use, comfort, or convenience of the passenger for the purpose of the trip, subject to the following conditions.

- (1) All baggage is subject to inspection by CO; however, CO shall not be obligated to perform inspection. CO will refuse to transport or will remove at any point baggage that the passenger refuses to submit for inspection.
- (2) CO has the right to refuse to transport baggage on any flight other than the one carrying the passenger.
- (3) CO will refuse to accept property for transportation which is not suitably packaged to withstand ordinary handling; whose size, weight or character renders it unsuitable for transportation on the particular aircraft which is to transport it; or which cannot be accommodated without harming or annoying passengers.
- (4) Checked baggage will be carried in the same aircraft as the passenger unless such carriage is deemed impractical by carrier, in which event carrier will carry the baggage on the next preceding or subsequent flight on which space is available.
- (5) Upon delivery to CO of the baggage to be checked, CO will insert in the ticket the number of pieces of the checked baggage (which act shall constitute the issuance of the baggage check); in addition, CO shall issue for identification purposes only a baggage (claim) tag for each piece of baggage so delivered and covered by the baggage check. All baggage or other property of which CO assumes custody and for which it issues a claim check shall be deemed acceptable for transportation by air. Baggage and property of which CO will not assume custody and will not issue a claim check for will only be accepted if the passenger executes a release in the form set forth in the NOTE below:

NOTE: The release, to be supplied by CO, will relieve CO from liability for loss of contents of, damage to, or delay in delivery of checked baggage of the types identified in paragraph (3) above which results solely from the unsuitability of such items as checked baggage and/or the inadequacy of their packaging, and not from carrier failure to exercise the ordinary standard of care.

- (6) (Applicable between the U.S.A. and points in South America, Mexico, Central America, the Caribbean and the Philippines only) Baggage in excess of the maximum allowance specified in paragraph (H) below will be accepted for transportation upon payment of the charges specified in paragraph (I) below on a space available basis only, and will be carried subject to the load capacities of the aircraft.

RULE

SECTION IV - BAGGAGE

127

BAGGAGE REGULATIONS (Continued)

(F) CHECKED AND CARRY-ON BAGGAGE

Passengers may check baggage for carriage in the cargo compartment of the aircraft and/or may carry baggage on board the aircraft subject to the provisions below. The suitability of baggage, as to weight, size, and character, to be carried in the passenger compartment of the aircraft will be determined by CO.

(1) Checked Baggage

CO will check baggage which is tendered by a passenger and which is acceptable under the terms of this rule upon presentation by a passenger of a valid ticket for transportation over the lines of CO, or over the lines of CO and one or more other carriers subject to the conditions specified below.

- (a) Baggage must be checked at the city or airport office designated by CO and in advance of flight departure time as prescribed by the carrier.
- (b) The passenger's name must appear on the baggage. CO will supply baggage identification labels free of charge.
- (c) Baggage will not be checked:
 - (i) To a point that is not on the passenger's routing.
 - (ii) Beyond the passenger's next point of stopover or, if there is no stopover, beyond the final destination designated on the ticket.
 - (iii) Beyond a point at which the passenger wants to reclaim the baggage or any portion thereof.
 - (iv) Beyond a point to which all applicable charges have been paid.
 - (v) Beyond a point at which the passenger is to transfer to a connecting flight, if that flight is scheduled to depart from an airport different from the one at which the passenger is scheduled to arrive.
 - (vi) To a point intermediate to the passenger's next point of stopover or, if there is no stopover, to a point intermediate to the final destination designated on the ticket unless the intermediate point to which the baggage is to be checked is a permissible stopover point at the fare paid.

EXCEPTION: If the passenger is making a connection to the first available CO flight departing from such intermediate point and the connection exceeds 4 hours, the passenger may reclaim his/her baggage at such intermediate connecting point.

(2) Carry-on Baggage

When baggage is carried on board the aircraft, it may be stored in carry-on compartments of aircraft so equipped or it must be retained in the passenger's custody and stored under a seat or in an overhead compartment approved for the carriage of such baggage. Carry-on baggage is subject to the following additional conditions. Maximum Dimension for Under-Seat Storage The maximum outside linear dimensions (measured together if more than one piece of baggage) must not exceed 45 inches.

(G) CABIN-SEAT BAGGAGE (Continued)

When a passenger requests that an item of baggage be carried in the cabin, and it is determined by CO that the item is acceptable as cabin baggage, but it is so fragile and/or bulky as to require the use of a seat, the provisions specified below will apply.

- (1) Cabin-seat baggage must be carried aboard the aircraft by the passenger and secured in a seat.

The seat must be located in the aircraft as indicated below:

POSITION	EXCEPTIONS: REMARKS
Seat next to passenger's seat and directly behind a structural bulkhead.	(a) On DC-9 aircraft, such baggage must be carried in the first row of seats in the aircraft. (b) On DC-10 and B-727-100 aircraft, such baggage may be carried in the first row or seats immediately after of the coach galley bulkheads.

(2) Charges

(a) Applicable for transportation between points in the U.S./Canada and points in Mexico. CO will charge the applicable one-way full adult fare for the class of service used by the passenger for that portion of the trip on which the extra seat is used.

(b) Applicable for transportation between points in Area 1 and points in Areas 2/3. CO will charge 100 percent of the applicable full fare for that portion of the trip on which the extra seat is used. The cabin-seat baggage will not be included in determining the free baggage allowance or excess baggage charges.

- (3) In no event will more than 165 pounds (75 kilograms) of baggage per seat be carried.
